Greetings and welcome to Sperry Public Schools!

It is my pleasure to welcome you to Sperry Public Schools. Sperry is a wonderful community with something to offer to just about everyone. Our district enjoys strong support from the Sperry community and has a high level of parental involvement in all of our schools.

Our district has one elementary school that is housed on two campuses. Pre-kindergarten through third grade is located on the main campus, while grades four and five are located on the intermediate campus. The middle and high schools and many of our facilities, including the auditorium, football, baseball, and softball fields, and gymnasiums, are also located on the main campus. We are currently serving 1,230 students in grades pre-kindergarten through 12.

The major asset we have is an experienced group of educators with many successful years of teaching. Our teachers continually show a high level of commitment and care for our students making sure they are educated in a safe, welcoming, and innovative learning environment. Our staff strives to provide an excellent, well-rounded education to all students. Our vision is to prepare students to adapt to new learning opportunities, earn a living in an intelligent and responsible manner, and to contribute to their community in meaningful and positive ways. We have integrated modern instructional technology into our schools and classrooms. All schools have modern computer labs and interactive white boards are throughout the classrooms.

We are proud of the many opportunities we have for our students. Sperry High School has a strong fine arts department that includes instrumental and vocal music programs that are respected across the state. Many programs, such as FFA, National Honor Society, academic teams, pre-advanced placement, and advanced placement classes, exist for student participation. In addition, a variety of sports including baseball, basketball, football, wrestling, golf, soccer, softball, tennis, and track are also part of our school programs.

Welcome to Sperry! Home of the Pirates!

Respectfully,

Brian D. Beagles, Ed. D.

Superintendent of Schools
