

DISTRICT AND TRIBAL COMMUNITY RELATIONS

It is the intent of the District that all Indian children of school age have access to all programs, services and activities offered within the school district. To achieve that intent, it is the expectation of the District that the administration will encourage, accept, and give due consideration to the comments and recommendation of tribal officials and of parents and guardians of children from tribal backgrounds regarding:

- (1) District and tribal communication and collaboration;
- (2) Issues and needs of children from tribal backgrounds; and
- (3) How the District may help children from tribal backgrounds better realize the benefits of the District's education programs and activities.

Federal Impact Aid

In connection with any application for federal Impact Aid payments, and to the extent required under federal law, the District will consult with and involve local tribal officials and parents of American Indian children, at an annual meeting to be held two times during the school year or at a date mutually agreed upon, in the planning and development of:

1. The "Indian Policies and Procedures" (IPPs) that are federally mandated in connection with such applications for federal Impact Aid; and
2. The District's general educational program and activities.

At the District's discretion and with prior notification, this annual meeting may also be used to fulfill the parent activities required under the Johnson O'Malley program, the Indian Education formula grant program (discussed below), or the tribal consultation required under 20 U.S.C. § 7918 (also discussed below), so long as the meeting meets all requirements for each program.

The Director of Curriculum shall have primary responsibility for monitoring the implementation of the District's IPPs. The Superintendent or designee shall also be responsible for ensuring that the District annually evaluates whether the IPPs are consistent with applicable federal regulations. If the District determines, after input from the tribe(s) and parents of children from tribal backgrounds, that its IPPs do not meet the requirements of the federal regulations, the District shall take prompt action to amend the IPPs to conform to those requirements.

Federal Formula Grants

Applications for federal formula grants for Indian education programs require the District to use a process under which the District meaningfully collaborates with tribes located in the community in a timely, active, and ongoing manner in the development of a comprehensive program and in the actions taken as a result of such collaboration. If the District applies for

such a grant, the efforts at consultation and collaboration shall include:

1. Developing the program for which federal assistance is sought in open consultation with stakeholders, including parents of Indian children, teachers, representatives of Indian tribes on specified Indian lands, appropriate tribal organizations, and, if applicable, Indian students attending high school;
2. Developing the applicable program with the participation and approval of a formal stakeholder committee whose composition, procedures, and authority reflect the requirements of applicable federal law; and
3. Conducting outreach activities to parents and family members of the children served by the District's program.

The Director of Curriculum shall have primary oversight regarding the development, application, and implementation of any program carried out under such a federal formula grant, including ensuring that the required community involvement activities take place.

Tribal Consultation

If the District qualifies as an "affected local education agency" in a particular year (as defined under 20 U.S.C. § 7918), federal law may separately and additionally require the District to consult with applicable tribes prior to the District's submission of a plan or application under a variety of covered federal formula grant programs including:

- Title I, Part A (Improving Basic Programs Operated by State and Local Educational Agencies);
- Title I, Part C (Education of Migratory Children);
- Title I, Part D (Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At-Risk) ;
- Title II, Part A (Supporting Effective Instruction);
- Title III, Part A (English Language Acquisition, Language Enhancement, and Academic Achievement Act);
- Title IV, Part A (Student Support and Academic Enrichment Grants);
- Title IV, Part B (21st Century Community Learning Centers);
- Title V, Part B, Subpart 2 (Rural and Low-Income School Program); and
- Title VI, Part A, Subpart 1 (Indian Education Formula Grants to Local Educational Agencies).

To the extent required, such consultation shall be structured to provide a timely opportunity for appropriate tribal officials to meaningfully and substantively contribute to the plans or applications under the covered federal programs, particularly as to issues affecting Indian students.

Recordkeeping

The Director of Curriculum shall ensure that the District maintains appropriate documentation of its consultative, collaborative, and related activities under this policy and,

to the extent applicable, under the District's IPPs.

References: 20 U.S.C. § 7703; 20 U.S.C. § 7704; 20 U.S.C. § 7421; 20 U.S.C. § 7424; 20 U.S.C. § 7918; 34 C.F.R. § 222.91; 34 C.F.R. § 222.94; 34 C.F.R. § 222.102

PROFICIENCY BASED PROMOTION

1. Upon the request of a student, parent, guardian, or educator, a student will be given the opportunity to demonstrate proficiency in one or more areas of the core curriculum.
 - A. Proficiency will be demonstrated by assessment or evaluation appropriate to the curriculum area, for example: Portfolio, state assessments, thesis, project, product or performance. Proficiency in all laboratory sciences will require that students are able to perform relevant laboratory techniques.
 - B. Students shall have the opportunity to demonstrate proficiency in the core areas as identified in 70 O.S. § 11-103.6:
 - Social Studies
 - Language Arts
 - The Arts
 - Languages
 - Mathematics
 - Science
 - C. Proficiency for advancing to the next level of study will be demonstrated by a score of 90% or comparable performance on an assessment or demonstration.
 - D. The opportunity for proficiency assessment will be provided at least twice each school year.
 - E. Qualifying students are those who are legally enrolled in the district.
 - F. The district will not require registration for the proficiency assessment more than one month in advance of the assessment date.
 - G. Students will be allowed to take proficiency assessments in multiple subject areas.
 - H. Students not demonstrating proficiency will be allowed to try again during the next assessment period.
 - I. Exceptions to standard assessment may be approved by the district for students with disabilities.

2. Students demonstrating proficiency in a core curriculum area will be given credit for their learning and will be given the opportunity to advance to the next level of study in the appropriate curriculum area.
 - A. The school will confer with parents in making such promotion/acceleration decisions. Such factors as social and mental growth should be considered.
 - B. If the parent or guardian requests promotion/acceleration contrary to the recommendation of school personnel, the parent or guardian shall sign a written statement to that effect. This statement shall be included in the permanent record of the student.
 - C. Failure to demonstrate proficiency will not be noted on the transcript.
 - D. Students must progress through a curriculum area in a sequential manner. Elementary, middle level, or high school students may demonstrate proficiency and advance to the next level in a curriculum area.
 - E. If proficiency is demonstrated in a 9-12 curriculum area, appropriate notation will be placed on the high school transcript. The unit shall count toward meeting the requirements for the high school diploma.
 - F. Units earned through proficiency assessment will be transferable with students among school districts within the State of Oklahoma.
3. Proficiency assessment will measure mastery of the subject matter standards adopted by the State Board of Education.
4. Options for accommodating students' needs for advancement after they have demonstrated proficiency may include, but are not limited to, the following:
 - A. Individualized instruction;
 - B. Correspondence courses;
 - C. Independent study;
 - D. Concurrent enrollment;
 - E. Cross-grade grouping;
 - F. Cluster grouping;
 - G. Grade/course advancement; and
 - H. Individualized education programs.
5. The district will disseminate materials explaining the opportunities for proficiency based promotion to students and parents in the district each year. The subject matter standards adopted by the State Board of Education and type of assessment or evaluation for each core curriculum area will be made available upon request.

ATTENDANCE/ACTIVITIES

The board of education believes that attendance in regularly scheduled classes is a key factor in student achievement. Thus, any absence from those classes represents an educational loss to the student. The board recognizes, however, that the cocurricular program of the school also has educational benefit. Therefore, it shall be the policy of this board to minimize absenteeism from regular classes while providing students the opportunity to participate in cocurricular activities.

Students will be allowed a maximum of ten absences from each class period during the school year to participate in approved activities. Absences for activities that are of a state and national nature, as defined by the criteria of earned right to compete, shall not be considered an absence for the purpose of this policy.

The following activities are not included in the above category. Therefore, absences caused by participation shall be counted toward the maximum:

1. Athletic contests other than OSSAA play-offs. (Includes initial qualification for play-offs for athletes and cheerleaders.)
2. Shows and contests that are not defined as state contests.
3. Annual staff workshops.
4. Conferences such as FHA, Student Council, etc.
5. District contests for concert band and marching band.
6. FHA leadership.
7. Field trips sponsored by clubs or organizations that are not classified as academic field trips.
8. Band trips, chorus trips, speech and drama trips.
9. State vocational conventions for which no earned right to attend is required (FHA state conventions).
10. School related community activities.

The following activities will not be counted against the permissible ten (10) day absence regulation:

1. Academic classroom field trips;

2. OSSAA sponsored state play-offs that require earned qualification to participate (athletes and cheerleaders);
3. Assemblies that are school sponsored and required;
4. School pictures;
5. Class meetings;
6. Participation in school approved testing programs;
7. State band, chorus, and speech contests;
8. Scholastic contests;
9. FHA state shows and state fairs;
10. Legislative page; and
11. There is no activities absence if a student is enrolled in an activity class and is away from school during the time the class is scheduled.

4-H Activities and Programs

A student absent from school shall be given an excused absence if the reason for such absence is to participate in scheduled 4-H activities or programs approved by the county 4-H educator. The number of excused absences allowed shall be subject to the district's attendance policy. Proof of a student's participation in an activity or program sponsored by 4-H shall be provided by a 4-H educator upon request from a school principal or attendance officer.

A student will be given the opportunity to make up any schoolwork missed while they are participating in activities or programs sponsored by 4-H. A student shall not have their class grades adversely affected for lack of attendance or participation due to their participation in activities or programs sponsored by 4-H.

A school principal (or designee) shall not credit a student who participates in an activity or program sponsored by 4-H with an excused absence if the participation occurs during:

- a. the schedule established by the State Board of Education for the administration of statewide student assessments, or
- b. any period of time for which the student has been disciplined, suspended, or expelled, if the terms of punishment would preclude the student from participating in an educational field trip or extracurricular activity.

Reference: 70 O.S. §1-111

INTERNAL ACTIVITY REVIEW COMMITTEE

The board of education has established an Internal Activity Review Committee composed of:

- Superintendent of schools
- Building level principal
- Sponsor of event involved
- Counselor
- Three additional staff members

The committee shall be responsible for reviewing and recommending any deviations from the activity policy to the board of education

In order for a student to request an exception to the ten (10) day limit through the Internal Activity Review Committee, the student must meet the following criteria:

1. Grade point average of eighty (80) with no failing grades at last nine-week reporting period.
2. Must have been in attendance in each class ninety percent (90%) of the school year at the time of request. All absences for any reason other than absences listed in exceptions will be counted.
3. Principal and/or administration believe that the absence or absences will benefit the student and/or the school.
4. Request in writing for a hearing should be made by the parent or guardian in advance of absence.
5. Request for exception to the ten (10) day limit will be limited to two (2) days per student per year.

Appeal of decision of Internal Activity Review Committee following initial hearing:

1. A signed written complaint must first be filed with the local board of education. If the complaint is not resolved at the local level, then the complaint should be filed with the Accreditation Section of the State Board of Education. Upon receipt of the complaint, the Accreditation Section shall appoint a monitoring team to make an on-site visit and file a written report to the State Board of Education and Accreditation Section. This complaint must include a listing of the names of the students, dates and classes missed which exceed policy statement.

2. The district shall provide to the monitoring team during the on-site visit, the necessary records to verify or deny the violation as specified in the written complaint.
3. The monitoring team shall submit a written report to the superintendent and board of education within ten (10) school days of the on-site visit.

**MEDIA CENTER -
SELECTION OF LIBRARY BOOKS**

The board of education, which is responsible for all book purchases, recognizes the student's right of free access to many different types of books. The board also recognizes the right of teachers and administrators to select books and other materials in accord with current trends in education and to make them available in the schools.

The authority to select library materials is delegated to the professional personnel of the district. While the selection of materials may involve input from various school personnel, the responsibility for coordinating, evaluating, and recommending the selection and purchase of library/media materials rests with the certified library/media personnel and the district's site administrators.

It is therefore the policy of this district to require the materials used in the school library media program, including print materials, nonprint materials, multimedia resources, equipment, and supplies, selected for our schools be in accord with the following:

1. Books and other reading material shall be chosen for the interest, information, and enlightenment of all students in the community.
2. A book shall not be excluded because of the origin, background, or views of the author or because of its style and language.
3. Every effort will be made to provide materials that present all points of view concerning the problems and issues of our times, including international, national, and local issues.
4. Books or other reading material of sound factual authority shall not be excluded or removed from library shelves or classrooms because of partisan or doctrinal, approval or disapproval.
3. When acquiring books and other materials, the materials selected shall reflect the district's community standards for the population the library serves, and the materials shall be age-appropriate to the schools in which the materials are made available.
4. Books and other materials shall be selected in a manner ensuring that materials available to students are adequate in quantity and quality to meet the needs of students in all areas of the school library media program.
5. Censorship of books shall be challenged in order to maintain the school's responsibility to provide information and enlightenment.

6. No parent or group of parents has the right to determine the reading matter for students other than their own children. The board does, however, recognize the right of an individual parent to request that his or her child does not have to read a given book, provided a written request is made to the superintendent or the superintendent's designee.

REQUEST FOR RECONSIDERATION

In accordance with number 3 above, the board of education has adopted the following policy for addressing objections to books and other library materials:

Any parent who wishes to request reconsideration of the use of any book in the school must make such a request in writing on a Citizen's Request for Reconsideration of Library/Media Materials form available from the superintendent.

The Citizen's Request for Reconsideration of Library/Media Materials will be submitted to the principal, who will review the request and schedule a conference to discuss this matter with the individual making the request. The principal may invite a teacher or a librarian to participate in this discussion.

If the complaint is not resolved during the initial conference, the matter will be referred to a committee appointed by the superintendent, which will consist of two appropriate level teachers, one appropriate level librarian, and an administrator associated with curriculum. The committee will review the material in its entirety, review the general acceptance of the material by reading reviews and consulting recommended lists, determine the extent to which the material supports the curriculum, obtain any necessary documentation from the teacher or librarian who selected the materials in question, and determine whether the material conforms to the above-stated principles of selection.

The committee will discuss the material as a group and will reach a decision by simple majority. Options available to the committee for its decision are: no action, removal of the material, designation of material for a specified student group (i.e. AP students), or reassignment of material to a library serving older students. The committee shall prepare a written report to the superintendent in a timely manner outlining its recommendations for the material.

The site principal is responsible for sending the committee's report to the superintendent and mailing the report, via certified mail, to the person initiating the review. The decision of the committee will be provided to the appropriate administrator who will ensure that implementation of the decision occurs.

A written appeal of the decision of the committee may be made within ten (10) working days to the board of education. If further review by the board of education is requested, all materials will be forwarded to the clerk of the board. The board shall hold a hearing to review the written report of the committee and the written request for appeal. The final decision rests with the board.

The board of education shall make a final decision concerning the material being reviewed in a timely manner. The superintendent shall inform, in writing, all individuals involved of the board of education's decision. Material that has been challenged, and on which a decision has been rendered by either a committee or the board of education, may

not be challenged again for the same objection for one calendar year after the final decision has been made.

TEXTBOOK SELECTION

It is the policy of the board of education for the superintendent to appoint a committee for the purpose of selecting textbooks to be used in the district. The committee shall consist of not fewer than three nor more than nine members. Each committee shall have only one lay member, with the remainder of the members being teachers employed in the district, a majority of whom shall be classroom teachers. The superintendent of schools or a designee, who shall be a principal or curriculum specialist, shall serve as the chairperson of the textbook committee.

The textbook selection committee members will be appointed on an ad hoc basis as needed and will not be compensated. The administration will ensure that all textbooks necessary for completion of assigned work are routinely available to every student.

The committee will review examination copies of each textbook in those subject areas where a need has been determined to exist. The examination copies may be obtained by communicating such need to the State Department of Education. Only examination copies of textbooks selected by the State Textbook Committee will be reviewed by the textbook selection committee.

The local textbook committee can only recommend for adoption textbooks appearing on the multiple list selected by the State Textbook Committee.

Following the committee's review and approval of the board, the superintendent will requisition the textbooks recommended by the committee from the proper depository.

DISTRIBUTION AND CARE OF TEXTBOOKS

The board of education believes that all employees and students are responsible for the proper care of school facilities, equipment and property in their use or under their control.

Cooperation is expected from the professional staff regarding the care and distribution of school-owned textbooks.

Students using school-owned textbooks or library books are responsible for them and shall reimburse the school for any lost or damaged books. If a misplaced book is returned, the student may be refunded any charges previously paid to the school for the book.

CURRICULUM DEVELOPMENT

Purpose

The board recognizes the need and value of a systematic on-going program of curriculum review and development. The board will encourage and support the professional staff in its efforts to investigate curriculum ideas, develop and improve programs, and evaluate results. To ensure quality control of the curriculum and to be responsive to the school, community, and state requirements, the board sets forth this policy to be followed by the Superintendent and professional staff. A curriculum management plan will be designed and implemented to carry out this policy.

Definition

Curriculum development, implementation, and evaluation shall include the following aligned components: the written curriculum as presented in the curriculum guides; the taught curriculum as presented to students by teachers; and the tested curriculum as determined by the scope of student assessments.

The Written Curriculum

The Superintendent or designee shall cause relevant and challenging curriculum to be developed, implemented, and evaluated that promotes student achievement of the adopted standards and objectives. The board shall officially adopt curriculum guides that outline the standards and objectives students are expected to master.

Curriculum guides shall be developed for all grade levels, courses, and subjects in the district. The guides shall contain, at a minimum, the following aligned components:

- National and state standards;
- State and local objectives;
- Depth of knowledge;
- Logical teaching sequence;
- Priority of local objectives;
- Pre and post-requisites;
- Suggested teaching activities;
- Aligned instructional resources; and
- Sample assessment items.

The Taught Curriculum

A systematic process shall be in place for planning and providing instruction appropriate for each student and for engaging students until curriculum objectives are attained. This systematic process shall include:

- Establishing a school climate that is conducive to learning;
- Teaching the written curriculum by implementing research-based best practices such as mastery learning approaches and differentiated instruction;
- Communicating the expectation that all students will perform at high levels of learning;
- Ensuring all students experience opportunities for success;
- Having staff members, students, and parents take responsibility for learning;
- Analyzing the content of each objective so that instructional strategies align content, context, and level of cognition; and
- Assessing student learning to plan for re-teaching activities.

District staff development will be implemented to prepare staff to teach the adopted curriculum.

The Tested Curriculum

The District will use assessments, including classroom assessments, district-developed assessments, state required assessments, and college entrance exams (SAT/ACT), to assess the effectiveness of the written and taught curriculum. A comprehensive district-wide assessment program will be developed and implemented as part of the tested curriculum.

Responsibilities of the Board of Education

The board shall establish policies to support ongoing curriculum development and evaluation. The board shall officially adopt curriculum guides that outline the standards and objectives students are expected to master. The board is responsible for adopting a budget that supports the development, implementation, and training needed to effectively deliver the written curriculum.

Responsibilities of the Superintendent and District Staff

The Superintendent is responsible for the implementation of curriculum policies. The Superintendent and district staff are responsible for setting curriculum guidelines and priorities and organizing/facilitating curriculum committees to develop and review the curriculum. Staff members provide/locate training and resources needed to implement the curriculum. Staff members provide support to principals in their role of implementing and monitoring the curriculum on their campuses.

The Superintendent shall recommend all new and revised curriculum guides to the board for approval. The Superintendent shall ensure that all curriculum is reviewed and evaluated regularly.

Responsibilities of Principals

Principals shall manage the implementation and delivery of the aligned curriculum. Strategies for managing curriculum implementation and delivery include:

- Developing a working knowledge of the curriculum guides for all subjects/courses available at the campus;
- Analyzing student assessment data;
- Monitoring the delivery of the required written curriculum;
- Developing school improvement plans;
- Interviewing and conferencing with individual teachers;
- Meeting with campus/district instructional facilitators;
- Providing campus-based professional development; and
- Helping parents understand their role in supporting learning of the curriculum.

Responsibilities of Teachers

Teachers shall teach the district's written curriculum and are responsible for testing their teaching using a variety of assessments, including required district and state assessments. To support learning of the required curriculum, teachers should:

- Involve students in the learning process;
- Diagnose students' learning strengths and needs;
- Provide differentiated instruction;
- Use a mastery learning approach to delivery instruction;
- Communicate learning strengths and needs to students, parents, and others;
- Encourage parents to support learning of the curriculum; and
- Participate in training needed to effectively carry out these functions.

Responsibilities of Parents

Parents are encouraged to participate in the education of their children through such things as attending student/teacher/principal conferences, supporting students as they complete homework, volunteering at school when possible, and communicating regularly with teachers. Parents are encouraged to provide their children with the nutrition, rest, and materials needed to be ready for school participation. Parents are encouraged to support learning through their children's prompt and regular attendance at school.

Responsibilities of Students

Students are responsible for learning and for understanding their learning strengths and needs. Students are responsible for meeting learning targets based on the required curriculum. Students are responsible for their own behavior and its impact on their own learning and the learning of others.

REVIEW OF INSTRUCTIONAL MATERIAL

In order to promote transparency in the education process, the district's instructional materials will be available for parent review. Instructional materials include items such as teacher manuals, films, tapes and other supplementary materials regardless of format.

In order to review these materials, a parent should submit a written request to the building principal. The request must specify the class/subject, teacher, student's name, and the types of items being requested for review. Within ten (10) days the principal will arrange for a mutually convenient time for the review or will notify the parent that a review cannot be permitted. If the principal declines to allow a parent to review the materials, the principal will provide the parent with an explanation of why the material is not available. All reviews will be conducted between the hours of 8:30 a.m. and 3:30 p.m. in the Administration Building conference room (400 W. Main Street, Sperry, Oklahoma). Instructional materials may not be removed from the conference room.

In the event the requested review is denied or after fifteen (15) days with no response from the principal, the parent may request this information through the board of education in accordance with the district's policy regarding parent rights.

OKLA. STAT. tit. 70 § 11-106.1

AIDS PREVENTION EDUCATION FOR STUDENTS

The district seeks to promote healthy living and discourage behaviors such as intravenous drug use and unprotected sexual intercourse that can increase a young person's risk of contracting Acquired Immune Deficiency Syndrome (AIDS). It is the policy of the board of education that AIDS prevention education will be taught a minimum of once each year for grades 8 and 10.

The general objective of the curricula for all levels includes being made aware of (1) the forms of the disease, (2) methods of transmission, and (3) prevention of AIDS.

The district will make the curriculum and materials that will be used to teach AIDS prevention education available for inspection by the parents and guardians of the students who will be involved. Furthermore, the curriculum must be limited to deal only with factual medical information regarding AIDS prevention. At least one month prior to teaching AIDS prevention education in any classroom, the district shall conduct for the parents and guardians of the students involved, during weekend and evening hours, at least one presentation concerning the curriculum and materials that will be used for such education. No student shall be required to participate in AIDS prevention education if a parent or guardian of the student objects in writing to such participation.

CONSTITUTION DAY AND CITIZENSHIP DAY

Constitution Day and Citizenship Day shall, in accordance with federal law, be held each year on September 17. The purpose of Constitution Day and Citizenship Day is to commemorate the formation and signing on September 17, 1787, of the United States Constitution and recognize all who, by coming of age or by naturalization, have become citizens.

The district shall hold an educational program on the United States Constitution on September 17 of each year for the students served by the district in observation of Constitution Day and Citizenship Day. When September 17 falls on a weekend or holiday, the day shall be observed on a school day just before or after September 17. The manner in which the day shall be commemorated shall be within the superintendent's discretion.

Reference: 36 U.S.C. § 106; Public Law 108-447 (Dec. 8, 2004).

VETERANS DAY

It shall be the policy of the district that “Veterans Day,” November 11th, will be observed with an appropriate ceremony/activity.

In any year in which the date of November 11th is a Saturday or Sunday or classes are not in regular session, the district shall observe the previous school day as “Veterans Day.”

LENGTH OF THE SCHOOL YEAR

Minimum Length of School Year: Beginning with the 2027-2028 school year, school shall actually be in session and classroom instruction offered for not less than 1086 hours with a minimum of 173 days of instruction each school year. Only where conditions beyond the control of school authorities make the maintenance of the term impossible, and the State Board of Education has been apprised and has expressed concurrence in writing, may school be maintained for less than a full year.

Notification of School-Hours Policy: Prior to October 15th of the applicable school year, the superintendent or their designee, shall notify the State Board of Education, in writing, that the district has adopted a school-hours policy and provide the State Board of Education with a copy of the school calendar as approved by the district's board of education.

Professional Development: No more than five days or 30 hours of classroom instruction time per school year may be used for professional development meetings.

Parent-Teacher Conferences: If parent-teacher conferences are held during a regular school day, as authorized by the district, parent-teacher conferences shall be counted as classroom instruction time for no more than 6 hours per semester, for a total of 12 hours per school year. The district shall provide an in-person meeting option for conferences.

Virtual Instruction: The district may only count up to two days or 12 hours of virtual instruction toward required instruction time. Virtual instruction, as defined by OKLA. STAT. tit. 70 § 1-109, may only be counted toward total instruction time if 1) this district's virtual instruction plan, in compliance with OKLA. STAT. tit. 70 § 1-109, has received approval from the Superintendent of Public Instruction; 2) a state of emergency or proclamation has been issued by the governor for a specific reason relating to school district operations; and 3) the board of education approves the use of virtual instruction.

Reference: OKLA. STAT. tit. 70, § 1-109
OAC §210:10-1-4

ACADEMIC CREDIT

The district will provide students/families with regular notice of the academic standards required to graduate from the district. This information will be distributed annually to middle and high school students in school handbooks and will include details regarding:

- Number and types of credits needed to graduate
- Minimum enrollment requirements
- Standardized assessments
- Proficiency based promotion
- Concurrent enrollment options

Students/families are expected to work with the assigned counselor to ensure that their student meets all the necessary requirements for successful completion of the district's program.

**SPERRY PUBLIC SCHOOLS
BOARD OF EDUCATION POLICY**

Instruction

Adopted: June 10, 2013
Revised: September 9, 2013;
October 13, 2014; September 14, 2015;

August 12, 2024

**STUDENT PROMOTION AND RETENTION AND
STUDENT PASS/FAIL OF A COURSE**

Introduction

This policy establishes guidelines for teachers and administrators related to student promotion and retention. It also establishes an appeal procedure for parents who wish to challenge a retention or promotion decision.

As used in this policy, "promote" or "promotion" means to place a student who has successfully completed the requirements of a particular grade level into the next higher grade level following the end of the school year.

As used in this policy, "retain" or "retention" means a decision to decline to advance a student into the next higher grade level following the end of the school year and to indicate on the student's permanent cumulative record that he or she has not successfully completed the requirements of his or her current grade level.

As used in this policy, "not passed in a course" or similar wording, means the student is assigned a failing semester grade in a course of study which failing grade will be recorded on the student's permanent cumulative record.

Promotion/Retention and Failing Courses

Each school in this district will form a committee to review and make decisions regarding retention and promotion. The committee will be composed of a classroom teacher, a counselor when available, the principal and additional personnel who may be assigned by the principal or superintendent when appropriate. No committee will be formed regarding a failing grade in a course, but such failing grade shall be shown on the student's report card.

Supportive evidence must be presented to the student and parent regarding a retention decision. This evidence must be based on:

1. Testing which actually covers the subject matter presented to the student.
2. Assignments directly related to the subject matter being taught.
3. Consideration will also be given to the student's attendance record, although this matter will not bear the same weight as items 1 and 2.

4. Consideration will also be given to the student's level of maturity (physical, mental, emotional, and social), although this matter will not bear the same weight as items 1, 2 and 3 and cannot be the sole reason for a decision to retain or promote a student.

The student and the parent must be made aware of the possibility of the student's impending retention or failing grade in a course. Any student in danger of being retained or failing a course shall be notified prior to the end of the school year that the student's performance is insufficient, and the student's parents will be mailed a written notice. The school staff will make every effort to help the student improve the student's academic standing.

Promotion will be determined by successfully completed units of instruction to be established by the board of education, the superintendent and the relevant principal.

No student may be assigned to a grade level based solely on age or other factors that constitute social promotion.

Appeal Process

After receiving a decision to retain a student or upon receipt of the student's report card showing a failing grade in a course, any parent may request reconsideration of a retention decision or a decision to not pass a student in a course by taking the steps outlined below.

Parents who disagree with the district's decision to promote a student to the next grade may also appeal the decision upon receipt of the student's report card by taking the steps outlined below.

First Level of Appeal

The parent may request review of the initial decision by letter to the building principal. If no request is received within five (5) days of the parent's receipt of written notification of the committee's initial decision to retain or in the case of failing a course, within five (5) days of the student or parent's receipt of the report card, the decision will be final and nonappealable.

Second Level of Appeal

The parent may request review of the principal's decision by letter to the superintendent. If no request is received within five (5) days of the parent's receipt of the principal's written notification of his or her decision, the principal's decision will be final and nonappealable.

Final Level of Appeal

The parent may request review of the superintendent's decision by letter to the superintendent or the clerk of the board of education. If no request is received within five (5) days of the parent's receipt of the superintendent's written notification of his or her decision, the superintendent's decision will be final. The parent will be notified in writing of the date, time and place of the Board meeting at which the decision will be reviewed. The Board's decision will be final and nonappealable.

If a parent disagrees with the Board's decision, he or she may prepare a written statement stating the reason(s) for disagreement, which will be placed in and become a part of the student's permanent cumulative record. Prior to retaining a student at the parent's request, the student's parent will be required to sign an acknowledgment form accepting responsibility for any adverse consequences of retaining a student against district recommendations.

Reference: OKLA. STAT. tit. 70, §1210.508C

REPORT CARDS

The board of education believes that students and parents should be informed periodically of the student's progress in school work. Therefore, report cards shall be sent to parents or guardians within ten (10) days following the end of each nine-week period for elementary and middle school students and within ten (10) days following the end of each semester for high school students. The parent or guardian shall be requested to acknowledge receipt by signature and return the card.

1. The semester grade is recorded on each student's permanent school record.
2. The school staff and teachers will work with any student receiving a failing grade and will assist the student in determining and solving problems with the particular subject area.
3. The letter grades established by district policy will appear on report cards and in the student's permanent record.

In addition to the above reports, progress reports will be sent to parents or guardians of elementary and middle school students who are failing or at near failure at the mid-point of each grading period. Progress reports for high school students will be sent to parents or guardians twice during each semester. Parents and guardians should feel free to discuss their child's progress with teachers and staff by appointment at any time.

TESTING PROGRAM

This policy replaces graduation requirements associated with required testing pursuant to the Achieving Classroom Excellence Act (ACE).

It is the policy of the board of education to take part in assessment programs with the aim of providing information designed to help all students recognize their abilities and to help in planning their school work. A well-rounded assessment program has been developed that can be very valuable to each student.

Annually, on a date to be determined by the superintendent, the district will provide information to the district's students, parents of students, and the public at large about the proper meaning and use of assessments administered pursuant to the Oklahoma School Testing Program Act. Additionally, the district shall make available to each student's parents the school's performance levels in the Oklahoma School Testing Program (OSTP).

All students are expected to participate in the statewide student assessment system, unless otherwise exempt according to rules and regulations approved by the State Department of Education. Beginning with the 2016-2017 school year, students enrolled in Sperry Public Schools in grades 9 through 12 are required to have participated in at least one assessment included in the statewide student assessment system, as applicable, in order to graduate with a standard diploma, unless otherwise exempt by law. Students transferring to Sperry Public Schools from out-of-state after their junior year of high school will not be denied the opportunity to graduate due to differing testing requirements.

A nationally recognized college and/or career readiness assessment (CCRA) may be administered at no cost to the student as recommended by the State Department of Education and contingent on the availability of funds.

Benchmark Assessments

"Benchmark assessments" include interim assessments that may be provided by the district for the purpose of measuring student progress at a frequency not less than the beginning, middle, and end of the school year.

The district will make available to a parent or legal guardian the results of his or her child's benchmark assessment results via an online school district grading portal or direct electronic or written communication.

STRONG READERS ACT

It is essential for children enrolled in the district to read early and well in elementary school. To facilitate proficient reading skills for its students, the district employs scientifically-based and researched methodology in reading instruction in addition to regular and periodic measurements of elementary school reading improvement, and accountability in each level of the educational system to increase the number of students reading at or above grade level.

District students will receive a well-rounded education that is focused on building deep foundations in reading, writing, and mathematics with all district teachers of reading in kindergarten through third grade incorporating into instruction the five elements of reading instruction which are phonological awareness, decoding, fluency, vocabulary, and comprehension.

In order for the District to identify students who have characteristics of dyslexia that lead to or cause reading difficulty, each student enrolled in kindergarten and first, second, and third grade at the district shall be screened at the beginning, middle, and end of each school year for reading skills including, but not limited to, phonological awareness, decoding, fluency, vocabulary, and comprehension. A screening instrument approved by the State Board of Education, in consultation with the Commission for Educational Quality and Accountability and the Secretary of Education, shall be utilized.

An exemption to the screening requirement may be provided to students who have documented evidence that they meet at least one of the following criteria as related to the provision of classroom instruction:

- a. the student participates in the Oklahoma Alternate Assessment Program (OAAP) and is taught using alternate methods,
- b. the student's primary expressive or receptive communication is sign language,
- c. the student's primary form of written or read text is Braille, or
- d. the student's primary expressive or receptive language is not English, the student is identified as an English learner using a state-approved identification assessment, and the student has had less than one (1) school year of instruction in an English-learner program.

For any student granted an exemption from the screening requirement, the district shall maintain ongoing evidence of student progression toward English language acquisition with the same frequency as administration of screening assessments. Evidence may include, but not be limited to, student progression toward OAAP reading essential elements, proficiency in sign language and reading comprehension, and proficiency in Braille and reading comprehension.

Any student administered a screening instrument and found not to be meeting grade-level targets shall be provided a program of reading instruction designed to enable the student to acquire the appropriate grade-level reading skills. The program of reading instruction shall be based on scientific reading research and align with the subject matter standards adopted by the State Board of Education. A program of reading instruction shall include:

- a. sufficient additional in-school instructional time for the acquisition of phonological awareness, decoding, fluency, vocabulary, and comprehension,
- b. if necessary and if funding is available, tutorial instruction after regular school hours, on Saturdays, and during summer; however, such instruction may not be counted toward the one-hundred-eighty-day or one-thousand-eighty-hour school year,
- c. assessments identified for diagnostic purposes and periodic monitoring to measure the acquisition of reading skills including, but not limited to, phonological awareness, decoding, fluency, vocabulary, and comprehension, as identified in the student's program of reading instruction,
- d. high-quality instructional materials grounded in scientifically based reading research, and
- e. a means of providing every family of a student in prekindergarten, kindergarten, and first, second, and third grade access to free online evidence-based literacy instruction resources to support the student's literacy development at home.

A student enrolled in kindergarten or first, second, or third grade who exhibits a deficiency in reading at any time based on the screening instrument shall receive an individual reading intervention plan no later than thirty (30) days after the identification of the deficiency in reading. The reading intervention plan shall be provided in addition to core reading instruction that is provided to all students. The reading intervention plan shall:

- a. describe the research-based reading intervention services the student will receive to remedy the deficiency in reading,
- b. provide explicit and systematic instruction in phonological awareness, decoding, fluency, vocabulary, and comprehension, as applicable,
- c. monitor the reading progress of each student's reading skills throughout the school year and adjust instruction according to the student's needs, and

- d. continue until the student is determined to be meeting grade-level targets in reading based on screening instruments or assessments administered under this policy.

The reading intervention plan for each student identified with a deficiency in reading shall be developed by a Student Reading Proficiency Team and shall include supplemental instructional services and supports. Each team shall be composed of:

- a. the parent or legal guardian of the student,
- b. the teacher assigned to the student who had responsibility for reading instruction in that academic year,
- c. a teacher who is responsible for reading instruction and is assigned to teach in the next grade level of the student, and
- d. a certified reading specialist or an individual with advanced training or specialization in literacy instruction, if one is available.

The district shall notify the parent or legal guardian of any student in kindergarten or first, second, or third grade who exhibits a deficiency in reading at any time based on the screening instrument administered pursuant to this policy. The notification shall occur no later than thirty (30) days after the identification of the deficiency in reading.

District Strong Readers Plan:

The district shall adopt and implement a strong readers plan with input from school administrators, teachers, and parents and legal guardians and, if possible, a reading specialist. The plan shall be submitted electronically to, and approved by, the State Board of Education. The plan shall be updated annually. The district is not required to electronically submit the annual updates to the State Board if the last plan submitted to the State Board was approved and expenditures for the program include only expenses relating to individual and small group tutoring, purchase of and training in the use of screening and assessment measures, summer school programs and Saturday school programs. If any expenditure for the program is deleted or changed or any other type of expenditure for the program is implemented, the district shall submit the latest annual update to the State Board for approval.

The district strong readers plan shall include a plan for each site which includes an analysis of the data provided by the Oklahoma School Testing Program and other reading assessments utilized as required under this policy, and which outlines how each school site will comply with the provisions of the Strong Readers Act.

Students Demonstrating Proficiency:

Any first-grade, second-grade, or third-grade student who demonstrates proficiency in reading through a grade-level appropriate screening instrument approved pursuant to this policy shall not require a program of reading instruction or an individual reading intervention plan. After a student has demonstrated proficiency through a screening instrument, the district shall provide notification to the parent or legal guardian of the student that the student has satisfied the requirements of the Strong Readers Act. The

district shall continue to monitor the student in the next successive grade level to ensure he or she maintains proficiency.

Intensive Intervention Services:

Beginning with the 2025-2026 school year, if a third-grade student is identified at any point of the academic year as having a significant reading deficiency, which shall be defined as not meeting grade-level targets on a screening instrument administered pursuant to this policy, the district shall provide the student with intensive intervention services for the appropriate amount of the instructional day consistent with the individual reading intervention plan developed pursuant to this policy and as determined by the Student Reading Proficiency Team. Intensive intervention services shall continue until the student demonstrates proficiency at the student's grade level based on a screening instrument administered pursuant to this policy.

The district shall annually report in an electronic format to the State Department of Education, the Office of Educational Quality and Accountability, and the Secretary of Education the number of students in kindergarten through third grade per grade level who exhibit grade-level reading proficiency, the number of students per grade level who received intensive intervention services pursuant to this policy, the number of students per grade level who attended a summer academy as provided for in Section 1210.508E of Title 70, the number of students per grade level who exhibited improved reading proficiency after completion of intensive intervention services, and the number of students per grade level who are still in need of intensive intervention services.

The parent of any student who is found to have a reading deficiency and is not meeting grade-level reading targets and has been provided a program of reading instruction as provided for in this policy shall be notified in writing of the following:

1. That the student has been identified as having a substantial deficiency in reading;
2. A description of the current services that are provided to the student;
3. A description of the proposed intensive intervention services and supports that will be provided to the student that are designed to remediate the identified area of reading deficiency;
4. That a student who is promoted to the fourth grade shall receive supplemental intensive intervention services;
5. Strategies for parents to use in helping their child succeed in reading proficiency; and
6. The grade-level performance scores of the student.

No student may be assigned to a grade level based solely on age or other factors that constitute social promotion.

Reporting Requirements:

The district shall annually publish on the school website, and report electronically to the State Department of Education, the Office of Educational Quality and Accountability, and the Secretary of Education by **September 1** of each year the following information on the prior school year:

- a. expenditures related to implementing the provisions of this policy, the number of staff implementing the provisions of this policy, and average daily classroom time devoted to implementing the provisions of this policy,
- b. by grade, the number and percentage of all students in kindergarten through third grade who did not meet grade-level targets based on a screening instrument administered pursuant to this policy,
- c. by grade, the number and percentage of all students in kindergarten through third grade who have been enrolled in the district for fewer than two (2) years,
- d. by grade, the number and percentage of students in kindergarten through third grade who demonstrated grade-level proficiency based on a screening instrument administered pursuant to this policy, and
- e. by grade, the number and percentage of students in kindergarten through third grade who are on an individualized education program (IEP) in accordance with the Individuals with Disabilities Education Act (IDEA) and who demonstrated grade-level proficiency based on a screening instrument administered pursuant to this policy or an alternative assessment prescribed by the student's IEP.

Copies of the results of the screening instruments administered shall be made a part of the permanent record of each student.

Professional Development:

If the district receives more than Two Thousand Five Hundred Dollars (\$2,500.00) in funds allocated to provide remediation and intervention in reading prekindergarten through grade five, the district shall spend no less than ten percent (10%) to provide professional development for teachers teaching prekindergarten through grade five. The professional development shall include training in the science of reading including how students learn to read; training in providing explicit and systematic instruction in phonological awareness, decoding, fluency, vocabulary, and comprehension; implementing reading strategies that research has shown to be successful in improving reading among students with reading difficulties; and instructional materials required for implementation.

Summer Academy:

If a teacher determines that a student in kindergarten or first through third grade is not reading at grade level by the end of the second quarter of the school year, the parent or legal guardian of the student shall be notified of:

1. The reading level of the student;
2. The program of reading instruction for the student as required pursuant to the Strong Readers Act; and
3. The potential need for the student to participate in a summer academy or other program designed to assist the student in attaining grade-level reading skills.

A teacher who determines a student in kindergarten or first through third grade is not meeting grade-level targets for reading may, after consultation with the parent or legal guardian of the student, recommend that the student participate in and complete a summer academy or other program.

The district's summer academy program shall be designed to ensure that participating students successfully complete grade-level competencies in reading to enhance next-grade readiness. A summer academy reading program shall incorporate the content of a scientifically research-based professional development program administered by the Commission for Educational Quality and Accountability or a scientifically research-based reading program administered by the State Board of Education and is taught by teachers who have successfully completed professional development in the reading program or who are certified as reading specialists.

The district may approve an option for students who are unable to attend a summer academy. The optional program may include, but is not limited to, an approved private provider of instruction, approved computer-based or Internet-based instruction, or an approved program of reading instruction monitored by the parent or legal guardian. The district shall not be required to pay for the optional program, but shall clearly communicate to the parent or legal guardian the expectations of the program and any costs that may be involved.

Subject to the availability of funds, the requirements of this section may be expanded to apply to students in fourth through eighth grades.

Dyslexia Screening:

Any student enrolled in kindergarten, first, second, or third grade who is assessed through the Strong Readers Act and who is not meeting grade-level targets in reading after the beginning-of-the-year assessment shall be screened for dyslexia. Screening also may be requested for a student by his or her parent or legal guardian, teacher, counselor, speech-language pathologist, or school psychologist.

Screening shall be conducted in accordance with the policies developed by the State Board of Education and the Oklahoma Dyslexia Handbook, including policies and information

developed relating to universal screening of kindergarten students for characteristics of dyslexia.

The district shall provide the following data to the State Department of Education by June 30 each year:

1. The number of students by grade level in kindergarten through grade three who were screened for dyslexia in a school year;
2. The number of students by grade level in kindergarten through grade three who were newly identified as having characteristics of dyslexia in a school year;
3. The process or tools used to evaluate student progress;
4. The number of trained school system personnel or licensed professionals used to administer the qualified dyslexia screening tool;
5. The number of students in kindergarten through grade three who were participating in interventions within the school setting and the number of students participating in interventions outside the school setting; and
6. The programs used by districts for intervention within the school setting.

Reference: OKLA. STAT. tit. 70, § 1210.508A *et seq.*
OKLA. STAT. tit. 70, § 1210.520

CLASSROOM VISITATION

In order to provide school children with a reasonable opportunity to study and learn, it is the policy of the board of education to restrict classroom visitation to a minimum.

Any person who needs to visit a classroom or other school facility must obtain permission from the superintendent's office. Visitors on school property without permission may be asked to leave the premises.

The superintendent is directed to establish appropriate procedures to insure compliance with this policy. Such procedures will include posting notices at the entrances to the school building. The notices will require visitors to report to the superintendent's office before visiting any classroom or other facility.

The superintendent is authorized discretion in permitting visitation.

Classroom visitors will respect classroom decorum and will not interrupt the class in any way. Visitors who disrupt the classroom in any manner will be required to leave the school grounds.

UNITED STATES COPYRIGHT LAW

The district does not condone, and will not allow, violations of the United States copyright laws. Employees are expected to ensure that their actions comply with copyright law and to impress upon students the importance of compliance with copyright law.

Ownership of Copyrighted Works

Copyright protection applies to original works of authorship fixed in any tangible medium of expression, from which they can be perceived, reproduced, or otherwise communicated. Examples of copyrighted works include books, pictures, drawings, sound recordings, motion pictures, television shows, sheet music and scripts. In general, the copyright protections that apply to printed materials also apply to visual and digital formats.

Exclusive Rights of Copyright Holders

Subject to certain specific exceptions, the owner of a copyright to a work has the exclusive right to reproduce, adapt, distribute, perform, or display the copyrighted work or to authorize such reproduction, adaptation, distribution, performance, or display.

Exceptions to Exclusive Rights

The following exceptions may authorize the use of a copyright work without violating the exclusive rights of the copyright holder. Employees that reproduce, distribute, perform or display copyrighted works are responsible for ensuring that their planned use of a copyrighted work falls under one or more of the exceptions set forth below.

A. Fair Use

The “fair use” of a copyrighted work for purposes of teaching, scholarship, or research is not an infringement of copyright. The following factors shall be considered in determining whether a given use of a copyrighted work is considered fair use:

1. The purpose and nature of the use; whether the use is of a commercial nature or for non-profit educational purposes.
2. The nature of the copyrighted work.
3. The amount and importance of the portion used in relation to the copyrighted works as a whole.
4. The effect of the use upon the potential market for, or the value of, the copyrighted work.

The United States Copyright Office has published a regulatory guidance document entitled “Reproduction of Copyrighted Works by Educators,” also known as “Circular 21,” which sets forth a series of “safe harbor” rules providing that certain specific uses of copyrighted works are considered fair use. Circular 21 is available at the Copyright Office’s website (<https://www.copyright.gov/circs/>). Employees should familiarize themselves with these rules and, to the extent doing so is feasible, use copyrighted works in ways that are consistent with the safe harbor requirements.

B. Face-to-Face Teaching Activities

A further exception to the exclusive rights of copyright holders applies to the performance or display of a work by instructors or students in the course of face-to-face teaching activities in a classroom or other place devoted to instruction.

This exception does not apply to the performance/display of a copy of a motion picture or other audiovisual work that the person responsible for the performance/display knew or had reason to know was not lawfully made.

C. Electronic Transmission During Distance Learning Class Sessions

A further exception applies to the performance or display of a copyrighted work as a regular part of a class session conducted via distance learning if the following conditions are met:

1. The copyrighted material is directly related to and of material assistance to the teaching content of the class.
2. The amount of material provided is comparable to that typically displayed in a live classroom session. A performance of an entire nondramatic literary or musical work may also satisfy this requirement.
3. Students are provided with notice that materials distributed in the course may be subject to copyright protection.
4. The transmission of copyrighted material is limited to students enrolled in the class to the extent technologically feasible,
5. Copyrighted works are made available to students for a limited duration no longer than the class session. Students may not be permitted to retain a permanent copy of the material or to further disseminate it.
6. The instructor does not interfere with technological measures used by copyright owners to prevent unauthorized retention/dissemination of copyrighted works.
7. The district provides appropriate informational materials to faculty, students, and relevant staff members that accurately describe, and promote compliance with, the laws of the United States relating to copyright.

This exception does not apply to the conversion of print or other analog versions of works into digital formats unless: (1) no digital version of the work is available, or (2) the digital version employs technological protection measures that prevent its use.

This exception does not apply to the performance/display of a copy of a motion picture or other audiovisual work that the instructor knew or had reason to know was not lawfully made.

D. Public Domain

Works that are in the public domain are no longer under copyright protection or do not meet the requirements for copyright protection.

Use of Copyrighted Works with Permission

In order to obtain authorization to make use of a copyrighted work in a way that is not permitted by one or more of the exceptions detailed above, district employees may also seek to obtain permission for such use from the copyright holder.

A request for permission should include detailed information about the nature of the permission sought, including (1) a specific description of the item to be copied (title, author, edition, page numbers, frames, excerpts, etc.), (2) the type of duplication and number of copies, and (3) plans for usage and distribution of copies and the frequency of use. Any permission received from a copyright owner for use of a work must be in writing.

Copyright Infringement

Unless an exception applies or appropriate permission has been obtained from the copyright holder, engaging in the reproduction, distribution, performance, or display of a copyrighted work constitutes unlawful copyright infringement, which may carry civil and/or criminal penalties.

Employees who engage in copyright infringement do so at their own risk, and assume all liabilities and responsibilities associated with such conduct, and may be subject to disciplinary action.

Reference: 17 U.S.C. §§ 102, 106, 107, 110, 112, 201, and 501.

PART-TIME ENROLLMENT

The board seeks to provide the best educational opportunities possible for every student in the district. In order to do so, the district must carefully balance individual student needs with the overall needs of the district – including the district’s financial needs.

Public school districts in Oklahoma have two major sources of funding: ad valorem taxes and state aid. Ad valorem tax receipts are controlled by the assessed valuation of the property within the geographical boundaries of the school district and are not affected by the number of students enrolled and attending school. State aid, on the other hand, is determined by calculations that factor in the number of students attending the school district. An increase in the number of students therefore results in an increase in state aid, all other factors being equal.

The regulations of the Oklahoma State Department of Education provide that students who are enrolled on less than a full-time basis, as defined by the Oklahoma State Department of Education, may not be counted for state aid purposes. Accordingly, allowing students to enroll on a part-time basis would require the district to provide an education for those students without receiving any additional state aid to pay for the cost of educating such part-time students.

In addition, the board of education believes that allowing students to enroll on a part-time basis would cause administrative disruption and make the administration and the efficient operation of the schools in the district more difficult.

Because of these reasons, the board requires that all students enrolling in the Sperry Public Schools must do so on a full-time basis. Full-time basis shall be defined as attending classes each day of the school week for the full instructional day within the public school system or in conjunction with another state-accredited institution such as a vocational-technical school district or a college or university for concurrent enrollment. The only exceptions to this policy shall be for students receiving remediation after being denied a standard diploma by this district, fifth-year seniors, students in selected alternative education programs, and students with disabilities whose IEPs or accommodation plans require variations on student schedules.

Regardless of the exceptions to this policy outlined above, only students enrolled on a full-time basis, as defined herein, may participate in district-sponsored extracurricular activities.

This policy does not apply to tuition based classes such as driver’s education courses if given in the summer.

If at any time after the adoption of this policy Oklahoma law allows part-time students to be counted for state aid purposes, the board will reconsider this policy.

CONCURRENT ENROLLMENT

An 11th or 12th grade student may, if he or she meets the requirements of the law and this policy, be admitted provisionally to a college as a student. To be admitted seniors and juniors must have a composite score on the ACT or un-weighted high school GPA that meets the requirements of the college or university in which the student seeks to concurrently enroll.

The district will provide academic credit for concurrently enrolled higher education courses that are correlated with the academic credit awarded by the institution of higher education and are aligned to Oklahoma academic standards. All courses must be approved by the principal or designee prior to the student's enrollment in the concurrent course. Concurrent core classes (math, science, history/social science, English) or those pre-approved by the administration will be awarded 4 points for an "A", 3 points for a "B", 2 points for a "C" and 1 point for a "D". No credit will be awarded if the student does not receive a passing grade in the class and failure in these classes could jeopardize on-time graduation. To qualify for high school credit, a student must present an official college transcript to the district counselor within ten (10) days of completion of the coursework.

Information on higher education courses which may be taken for dual credit is available at OKCollegeStart.org and through the high school counseling office.

Applications for colleges as well as concurrent enrollment forms are located in the high school counseling office.

Important Information regarding Concurrent Enrollment

- If a student is attending concurrent classes during school hours, then he/she must enroll in class(es) that do not interfere with attendance to classes at the high school. **Passes for early departure and late arrival will not be given.**
- Students cannot be tardy to high school classes due to college classes.
- All college course credit will be placed on official transcripts at the conclusion of each semester.
- **Athletes must abide by relevant OSSAA rules regarding enrollment/eligibility.**
- **Any schedule adjustment/withdrawal requires the relevant high school counselor's signature.**

- **Parent and student are encouraged to attend an informational session regarding concurrent enrollment procedures at the beginning of each semester.**

Costs are involved with concurrent enrollment and are the sole responsibility of the student. Course fees and books are the sole responsibility of the student. Online course fees can be higher than traditional course fees.

Concurrent enrollment students must re-apply each semester.

SPERRY SCHOOL DISTRICT

CONCURRENT ENROLLMENT AGREEMENT

In addition to policies and procedures set by the receiving institution, all District students must agree to the following to be approved by the District to enroll in concurrent enrollment classes:

1. Once a student has officially concurrently enrolled at the college level, the student must submit a copy of his/her course schedule to the District's high school counseling office. This will serve as official documentation that the student is attending concurrent courses and will be used to track graduation credits.
2. In order to meet OSSAA eligibility rules and regulations, students will be required to supply weekly grade checks to the High School. Grade checks are due to the counseling office each Thursday by 3:00 p.m. Grade checks must be signed by the relevant college instructor. If grade checks are not supplied, the student will be placed on probation. If grade checks continue to not be supplied, the student will be deemed ineligible for the week. A student will remain ineligible until appropriate grade checks are supplied.
3. Because of the state's requirement of six hours of daily rigorous instruction, students are strongly advised not to withdraw from a concurrent enrollment class. In order for a student to withdraw from a concurrent enrollment class, a withdrawal form must be signed by the student and relevant High School counselor. The High School counselor will notify the parent/custodian of the student's request to withdraw from a concurrent enrollment course. The student will then be enrolled in an alternate online high school course, which must be completed by the end of the semester, to maintain six hours of daily rigorous instruction.
4. College representatives are not allowed to release information to the District without the parent/student's permission. Therefore, it is the parent/student's sole responsibility to inform the High School counselor or principal if their enrollment status changes. If changes are not communicated, successful completion of graduation requirements cannot be monitored by the District.

We, _____ (print student name) and _____ (print parent name), have read and understand the expectations and requirements for the student to be concurrently enrolled. We further understand concurrent enrollment is a privilege that can be approved or disapproved based on the student's participation and follow-through with these expectations. If the student does not abide by these requirements, we understand the student may not be approved for future concurrent enrollment requests through the District.

CHRONIC ABSENTEEISM

Purpose

The purpose of this policy is to establish procedures for the tracking and reporting of chronic absenteeism among students enrolled with the District pursuant to the requirements of the Every Student Succeeds Act (the “ESSA”).

Rules for Determining Chronic Absenteeism

The following rules shall apply to determinations by District employees regarding whether a student is considered chronically absent for purposes of this policy:

- A. A student will be considered chronically absent if he or she meets both of the following criteria:
 - 1. The student was absent from school on at least ten percent (10%) of the days during the current school year on which school was in session at his or her school site and the student was included in the District’s average daily membership, and;
 - 2. The student enrolled with the District within the first twenty (20) instructional days of the current school year and has not experienced an enrollment gap of ten (10) or more instructional days during the course of the school year.
- B. Except as provided in this policy, all student absences, whether such absence is excused or unexcused pursuant to law and/or District policy, shall count towards a student’s total absences during the year for purposes of determining whether the student is chronically absent.
- C. A student on an Individualized Education Program (“IEP”) or Section 504 plan shall not to be deemed absent for purposes of determining whether the student is chronically absent on days when the student is receiving services outlined in the student’s IEP or Section 504 plan in an offsite location.
- D. A student is not deemed to be absent for purposes of determining whether the student is chronically absent on days when that student is receiving homebound educational services from the District.

Procedures for Tracking and Reporting Chronic Absenteeism

The following policies and procedures apply to the tracking and reporting of chronic absenteeism within the District:

- A. The attendance secretary at each school site in the District is responsible for reviewing relevant student attendance records on a monthly basis in order to identify those students who meet the criteria to be deemed chronically absent. The attendance secretary shall prepare and submit to the site principal on a monthly basis documentation reflecting the names of students who are chronically absent and the dates on which those students were absent.
- B. The site principal of each school site is responsible for ensuring that data regarding the number of students enrolled at that school site who are deemed chronically absent in a given school year is made available to the District employee(s) responsible for preparing and submitting Annual Statistical Reports to the Oklahoma State Board of Education within seven (7) days of the last instructional day of that school year.

Medical Exemptions

The following procedures apply to determinations regarding medical exemptions under the District's chronic absenteeism policy:

- A. Student absences which are due to a significant medical condition of the student, as hereinafter defined, shall not be included in the student's number of absences for purposes of determining whether the student is chronically absent.
- B. A "significant medical condition" is defined as a severe, chronic, or life-threatening physical or mental illness, infection, injury, disease, or emotional trauma.
- C. Determinations regarding the eligibility of student absences for exemption from inclusion in school sites' chronic absenteeism calculations shall be made by a medical exemption review committee. The members of the medical exemption review committee shall be appointed by the Superintendent or his or her designee.
- D. No later than June 1 of each school year, the medical exemption review committee shall request from the parent/guardian of all students who otherwise meet the criteria for being designated chronically absent (1) appropriate medical documentation regarding any medical condition which affected the student's attendance during the school year, and (2) documentation reflecting which, if any, of the student's absences were due to the student's medical condition, prior to making a determination regarding the student's qualification for a medical exemption from the chronic absenteeism indicator. In the event that a student's parent or guardian refuses or fails to provide such documentation, none of the student's absences shall be excluded from the calculation of whether that student is chronically absent.
- E. No later than June 15 of each school year, the medical exemption review committee shall make a decision by majority vote regarding which absences, if any, by each student whose parent/guardian submitted documentation to the committee were due to a significant medical condition affecting the student.

- F. The medical exemption review committee shall then provide the site principal at each school site within the District with documentation reflecting which students enrolled at that site were deemed eligible for a medical exemption and which specific absences by those students were deemed to be exempt absences.
- G. When school attendance data is reported to the Oklahoma State Board of Education in an Annual Statistical Report, such data shall include information regarding the number of student absences which were not included in the calculation of the school site's number of chronically absent students because the absence was due to a significant medical condition.
- H. The District shall retain all documentation reviewed by the medical exemption review committee for a period of five (5) years. The District will make such documentation available upon request to regional accreditation officers for auditing purposes, but shall otherwise refrain from disclosing the records or information contained therein to any party except as may be required by applicable law.

Effect of Declared Emergencies

In the event of an emergency declared by a federal or state government entity that impacts the operations of the District or an action taken by the Oklahoma State Board of Education declaring such an emergency, the following rules shall apply:

- A. Student absences related to a state of emergency shall not be included in the calculation of a school site's chronic absenteeism indicator.
- B. In the event that the Oklahoma State Board of Education and/or Oklahoma State Department of Education takes action that has the effect of modifying applicable rules or regulations regarding chronic absenteeism, to the extent such rules or regulations are inconsistent with the provisions of this policy, those rules shall take precedence over the provisions of this policy.

Reference: OAC § 210-10-13-25.

VIRTUAL, HYBRID, AND DISTANCE INSTRUCTION

THIS POLICY MAY BE USED IF STUDENTS ARE UNABLE TO ATTEND SCHOOL OR ABLE TO ATTEND SCHOOL ONLY ON A PART-TIME BASIS FOR VARIOUS HEALTH OR SAFETY REASONS. COMPLETE SCHOOL CLOSURE IS NOT A PREREQUISITE TO USE OF THIS POLICY.

The District may choose to engage in virtual, hybrid, or distance learning (or any combination thereof) when permitted by the Oklahoma State Department of Education (OSDE) and its promulgated rules and regulations. When the District engages in virtual, hybrid, or distance instruction, instruction can be delivered via a number of District-Approved Means and Mediums, but in all cases, instructional delivery methods will comply with requirements and guidance from the OSDE. These methods can include, but are not limited to, means and mediums already implemented or may be implemented in the future by District administration which may or may not include use of technology. Although the child may not be on school grounds, “school” will continue, and the District shall continue to engage students with instruction and experiences that provide opportunities for continuous learning while allowing them to stay connected with their instructors and classmates.

EQUITABLE CONSIDERATIONS

Whether provided through virtual, hybrid, or distance instruction, the District shall, to the greatest extent practicable, provide its students with quality educational opportunities and continuity of instruction that is consistent with the District’s vision and mission. As a part of its commitment to providing quality education to all students the District states that:

- When making decisions regarding the means and mediums utilized for virtual and distance instruction, the District shall strive to bridge any equity gaps between those students with and without the technology and resources necessary to access virtual instruction.
- The District will ensure that all students have access to all required supplies (including any necessary textbooks, writing paper, pencils, and other supplies as appropriate) for participation in virtual, hybrid, or distance instruction. If students lack these, the District shall provide them free of charge.[†]
- If the District only offers virtual instruction to students, the District will ensure all students have access to virtual instruction and will provide the necessary equipment and connectivity free of charge to those students who do not have access to the necessary equipment and connectivity.

[†] Students or parents of students who do not have access to such supplies may request that their classroom teacher provide such supplies or may contact the school site administration. Each classroom teacher will coordinate with the Administration on providing necessary supplies to students in need.

- If the District offers a combination of virtual and distance learning instruction to students, it will ensure that all students have access to equitably equivalent instruction and content. It may do this by either:
 - Ensuring that all students have the necessary equipment and connectivity to access any virtual learning component of the student's assigned curriculum or courses and providing access to that necessary equipment and connectivity to any student who does not have access to them.
 - If the District is unable to provide access to necessary equipment and connectivity to all students in need, the District may only provide virtual learning instruction if it ensures that any students unable to access the virtual instruction component be offered equitably equivalent instruction through distance instruction means and methods. If a student receives distance instruction in lieu of instruction that would ordinarily be presented virtually, that instruction should be supplemented, as appropriate, by periodic direct contact with teachers through District Approved Means and Mediums. If the District is only able to provide access to necessary equipment and connectivity to a limited number of students, it will determine which students receive that access in the most equitable manner.
- In no case shall a student have their grade lowered or be otherwise penalized (including attendance measures) for failure to engage with instructional supports the student does not have the resources to access (e.g., telephone service, internet access, transportation).

The District shall utilize all available funding sources and means to bridge these gaps in compliance with federal and state law.

DEFINITIONS

- **Virtual Instruction:** Instruction provided via electronic means, utilizing the internet and computers as the primary tools for delivery of instruction, evaluation, and interaction. Instructional delivery may include video or audio means, online instructor interaction using District-Approved Means and Mediums (platforms, software, and resources, along with District social media, instructional television, video telecourses, or other District-approved means that require the internet and computer technology).
- **Distance Instruction:** Instruction provided via printed material, augmented by individual contact with students via District-Approved Means and Mediums (e.g., telephonic means) consistent with this and all District policies.
- **Hybrid Instruction:** Instruction provided utilizing the internet and computers and/or printed material using District-Approved Means and Mediums as well as in class instruction. Hybrid Instruction can be a mix of in-person classes and virtual instruction, or a mix of in-person classes and distance instruction, or a mix of virtual and distance learning instruction.
- **District-Approved Means and Mediums:** Equipment and electronic programs and platforms that have been pre-approved by the board of education for instructional delivery and communication/interaction with students and their legal guardian(s) appropriate to the grade level and subject matter concerned.
- **Social Media:**
 - **Generally:** Online platforms, websites, or networks on which users share information, communications, or other content and includes, but is not limited

to, sites used for media sharing and social networking (e.g., YouTube, Facebook, Twitter, Snapchat, Instagram, etc.).

- **District Social Media:** Authorized District-related social media that is either school-based (e.g., approved, established and/or monitored by the building principal or designee) or District-based, District computer network-based, or subject area/department-based.
- **Personal Social Media:** Social media that is not District Social Media, which is established by a user for his/her personal or private use and objectives.
- **Non-District Social Media:** Social media that is not District Social Media, which is established by a third party or other organization.

IMPACT ON EXISTING POLICIES, RULES, AND SERVICES

Once this policy is effectuated, though instruction will be provided via virtual, hybrid or distance instruction, each is a continuation of the District's instructional program. Therefore, the rules and responsibilities of students, their legal guardian(s), and District personnel, unless otherwise expressly stated in this policy, are the same as if students were present at school during the instructional day. Unless specifically noted in this policy, existing provisions of the Student Handbook, "Acceptable Use" policies and agreements, privacy policies, and rules and policies shall remain in effect. For example, students shall attend scheduled online meetings or classes in a timely manner (attendance), prepare for class in advance of the day's lesson (homework), meaningfully and appropriately participate in instruction (class participation), and shall also adhere to all existing rules concerning behavioral (e.g., bullying, harassment, violations of the Acceptable Use Policy) and academic misconduct (e.g., cheating, unauthorized group work on individual assignments). When students are visible to District personnel or other students, they shall dress in conformance to the school dress code.

Attendance

Students must continue to meet all state-mandated compulsory attendance requirements and are not exempt from state truancy laws, except to the extent permitted or required by the OSDE. To the extent appropriate under the circumstances, District attendance policies shall remain in effect, and student attendance and participation shall be monitored and recorded as closely as possible to existing District policies. Attendance and participation shall be measured by means appropriate in a virtual, hybrid, or distance instruction environment which may include, but are not limited to, District-approved-and-monitored chatrooms and message board posts, emails, submission of assignments, or other District-Approved Means and Mediums.

Teachers shall make contact with each of their students a minimum number of times per school week, as determined by District administration, and count these contacts toward full-time attendance. These contacts may include, but are not limited to, student participation in virtual classes or virtual instruction platforms, submissions or posts to approved message boards, instructor confirmation with a student or the student's legal guardian(s) that the student did participate, and physical or electronic submission of assignments. Instructors shall log their contacts with each student and submit weekly reports of these contacts to their building principal or designee. The District shall ensure that any attendance measures used for distance instruction comply with any requirements set by the Oklahoma State Department of Education.

When the District provides virtual instruction (as defined by O.A.C. 210:35-21-2), the District shall ensure that its attendance measures will meet or exceed the minimum requirements set by the Oklahoma State Department of Education and mandated by O.A.C. 210:35-21-2, and 70 O.S. §§ 3-145.8, 3-145.8(B).

Grading, Class Rank, Promotion and Retention

In conformance with guidance from the OSDE and to the extent reasonable and appropriate under the circumstances, all existing requirements related to student progression, including retention, promotion, testing, and grade assignment shall remain in effect as if virtual, hybrid and/or distance instruction had not replaced in-person instruction. Traditional letter grades shall continue to be issued in conformance with the District's grading scale. Teachers shall ensure that, regardless of medium of instruction, that the curriculum presented aligns with any applicable Oklahoma Academic Standards for their subject matter. Appropriate efforts shall be made by all District personnel to ensure that the circumstances which effectuate this policy shall not negatively impact student grades.

Special Education

While this policy is in effect, when appropriate, each student's IEP instructor shall make contact with the student's legal guardian(s) to discuss the student's individualized plan for virtual, hybrid, or distance instruction. Instructors and related service providers shall share learning resources with the student's legal guardian(s) that are appropriate for the student in order to provide a variety of activities and supports which may be utilized that promote continued progress toward the student's IEP goals. IEP meetings shall be conducted as needed via secure District-Approved Means and Mediums that are appropriate under the circumstances.

English Learners (EL)

EL students shall continue to receive EL services. Unless otherwise designated, each student's EL instructor shall be the primary contact for the student's legal guardian(s) while this policy is in effect. In conformance to guidance from the OSDE, the District shall be intentional in ensuring instructors are providing appropriate plans, modifications and accommodations for EL students. Nothing in this policy shall prevent EL students or their legal guardian(s) from directly contacting the student's teacher regarding their educational progress.

Extracurricular Activities

The District will allow participation in OSSAA, Key Club, National Honor Society, Student Council, and FFA extracurricular courses and activities as part of its virtual, hybrid, or distance instruction program. The District will ensure that all its instructors of OSSAA, Key Club, National Honor Society, Student Council, and FFA extracurricular courses and activities are thoroughly educated on virtual and distance learning and the methodologies applicable to their assigned activity. Extracurricular instructors shall provide assignments to measure participation and/or knowledge in their assigned activities. If students are participating in an extracurricular course or activity as a part of gaining credit for a course, the instruction must align with any applicable Oklahoma Academic Standards for that subject matter.

INSTRUCTION GENERALLY

Method and Means of Instructional Delivery

Depending on whether virtual, hybrid, and/or distance instruction is employed by the District, the superintendent or designee is directed to evaluate and select the means and mediums which shall be authorized for instructional delivery and communication with students and their legal guardian(s): the “District-Approved Means and Mediums.” These shall be submitted to the board of education for approval prior to their implementation.

Lesson Plans

All instructors, including those who teach or coach electives, are responsible for submitting lesson plans, recording attendance, and assigning and grading two (2) assignments per week per class. Appropriate lesson plans shall be developed by grade level/subject area teams to ensure unified instruction (e.g., all Algebra II students receive the same weekly assignments, regardless of instructor). Lesson plans shall include supplementary or enrichment activities. Instructors shall ensure that the maximum number of hours of work they assign conforms to OSDE guidance. EL, Reading, Language Arts, and other District specialists will work with grade level teams to develop appropriate lesson plans. All instructors shall submit their virtual, hybrid, or distance instruction lesson plans to their building principal or designee in conformance with this policy.

Office Hours

Every instructor and building administrator must be available during regular working hours to support instruction and student needs. District and building administrators shall develop and distribute a schedule for instructors to hold “office hours.” During office hours, each instructor is required to be available to provide instruction or otherwise provide immediate feedback to students and their legal guardian(s) via District-Approved Means and Mediums. A portion of office hours may be utilized to conduct interactive virtual instruction lessons with students in conformance with this policy or tutoring.

Communication with Students and Parents

Instructors are expected to communicate with students and their legal guardian(s) regularly, making actual communicative-contact with students at least two (2) times per week. Electronic or telephonic messages left for instructors must be returned within 24 hours, excluding weekends/holidays via District-Approved Means and Media.

District personnel who communicate with students shall do so in conformance with this and all other District policies and may do so only via District-Approved Means and Mediums, except when expressly approved, in writing, by an immediate supervisor. Such communications shall be limited to discussions regarding classroom, school, and school-related activities only. At all times, District personnel shall exercise their best professional judgment and act with integrity and concern for their students’ well-being.

Communication with students for the purpose of fraternization is strictly prohibited.

Contact or communications between District personnel and students via personal phone numbers, personal emails, personal social media accounts, and group messaging apps (that are not District-approved) is expressly prohibited. **Students, legal guardians, and District**

personnel shall have no expectation of privacy when communicating via District-Approved Means and Mediums.

Intellectual Property

At no time shall either District personnel or students use, upload, post, mail, display, store, or otherwise transmit in any manner any such material that is protected by copyright, patent, trademark, service mark, or trade secret, or in violation of any Federal Communications Commission rules applicable to public broadcasts, except when such use or disclosure is properly authorized and bears the appropriate notations. District personnel shall consult guidance from the OSDE regarding compliance with applicable infringement laws, including fair use. Instructors shall use public domain resources when permission to use protected material cannot be obtained.

Privacy Laws and FERPA

In all cases of virtual, hybrid, or distance instruction, but especially in an online learning environment, District personnel shall conform with FERPA requirements, guidance from the U.S. Department of Education, and other applicable privacy laws and District policies. **The District specifically prohibits non-district personnel (including third-parties, students or their parents/legal guardian(s)) from making any recordings of online learning environments that in any way display students or reveal student information.** Notwithstanding the provisions above, the District permits teachers to record their lectures with prior administrative approval, so long as no students are audible or visible in the recording and no personally identifiable student information is mentioned or displayed. If a teacher records their lecture, it may only be disseminated through District-Approved Means and Mediums to students in that class or to authorized district personnel.

VIRTUAL INSTRUCTION

All virtual instruction shall be delivered only via District-Approved Means and Mediums. Virtual instruction lesson plans for the following week shall be submitted to the building principal or designee by 4:00 p.m. on Thursday. The building principal or designee shall ensure these are electronically posted to and made available from District Social Media by 8:00 a.m. on Monday.

HYBRID INSTRUCTION

All hybrid instruction shall be rendered in accordance with a mix of virtual and/or distance instruction and designated in-person instruction dates. The Virtual portion of the instruction shall be delivered only via District-Approved Means and Mediums. The Hybrid instruction lesson plan for the following week shall be submitted to the building principal or designee by 4:00 p.m. on Thursday.

If the Hybrid instruction is a mix of in-person and distance instruction, the building principal or designee shall print, compile, and make distance instruction packets available at building sites by 8:00 a.m. on Monday, and, at the discretion of the District, other appropriate locations at a to-be-announced time.

If the Hybrid instruction is a mix of in-person and virtual instruction, the building principal or designee shall ensure the virtual instruction lesson plans for the following week are

electronically posted and made available from District Social Media by 8:00 a.m. on Monday.

DISTANCE INSTRUCTION

All distance instruction shall be rendered and delivered in print form. Distance instruction lesson plans for the following week shall be submitted to the building principal or designee by 4:00 p.m. on Thursday. The building principal or designee shall print, compile, and make distance instruction packets available at building sites by 8:00 a.m. on Monday, and, at the discretion of the District, other appropriate locations at a to-be-announced time (e.g., District food distribution sites).

PROFESSIONAL DEVELOPMENT AND TLE

In anticipation that this policy may become effective, District personnel shall receive required professional development instruction on best virtual, hybrid, and distance instruction practices, which shall include grade level and content area-specific training, in addition to training on any District-Approved Means and Mediums for virtual and distance instruction and communication. Building administrators shall conduct weekly staff meetings via District-Approved Means and Mediums.

District administrators shall also receive appropriate training on how to supervise and evaluate personnel who are providing virtual, hybrid, and distance instruction under this policy. District personnel shall follow OSDE guidance regarding TLE observation and evaluation in virtual, hybrid, and distance instruction and shall monitor virtual instruction by joining classes in-progress and providing feedback to the instructor.

SUPPORT SERVICES

Whether virtual, hybrid, or distance instruction is utilized by the District, appropriate support services will continue to be available to District personnel, students, and their legal guardian(s) including:

- **Technical Support** — The District shall provide basic technical support for instructors, students and their legal guardian(s) in accessing and using District-Approved Means and Mediums of communication and virtual and distance instruction.
- **Instructional Support** — Instructors should contact their immediate supervisor with any questions regarding virtual, hybrid, or distance instruction.
- **Social-Emotional Wellbeing Support** — To the extent practicable and appropriate under the circumstances, the District shall provide information and resources to assist stakeholders in coping with the circumstances necessitating effectuation of this policy.
- **Special Education Resources and Support** — The Special Education Director or designee will provide support to students with disabilities or other special needs, along with their legal guardian(s), to help them navigate virtual, hybrid, and distance instruction and compliance issues while this policy is in effect.

ONGOING EVALUATION AND ADAPTATION TO EXIGENT CIRCUMSTANCES

The District, in consultation with state, local, and federal officials, shall continuously evaluate this policy, and the procedures herein, and adapt the same based on guidance from appropriate agencies.

Reference: 20 U.S.C. § 1232g
34 CFR Part 99

RELEASED TIME COURSE

The district will permit a student to attend a released time course for no more than three class periods per week or a maximum of one hundred twenty-five class periods per school year. A “released time course” means a period of time during which a student is excused from school to attend a course in religious or moral instruction taught by an independent entity off district property.

Attendance of a released time course, will be permitted, provided that:

1. The student’s parent or legal guardian provides to the district written consent prior to the student’s participation in the released time course;
2. No district funds other than de minimis administrative costs are expended and no district personnel, equipment, or resources are involved in providing the instruction;
3. The independent entity maintains attendance records and makes them available to the district and its board of education;
4. Any transportation provided to and from the place of instruction is the sole responsibility of the independent entity, the student, or the student’s parent or legal guardian;
5. The independent entity or the student’s parent or legal guardian indemnifies the district and holds it harmless with regard to any liability arising from conduct that does not occur on district property under the control or supervision of the district, and the independent entity maintains adequate insurance for that purpose;
6. The student assumes responsibility for any missed school work; and
7. The district’s superintendent, the principal for the school site in which the student is enrolled, or their designees have reasonable discretion over the scheduling and timing of released time courses; provided, the student may **not** be excused to participate in a released time course during any class in which the subject matter being taught is subject to the assessment requirements of 70 O.S. § 1210.508 (Oklahoma State Board of Education Statewide System of Student Assessments).

The district and its board of education shall not be liable for the student who participates in a released time course when the student is not under the control or supervision of the district.

A student who attends a released time course shall be considered in attendance in the district, and the time shall be calculated as part of the school day.

Released Time Course Credit

The district's board of education shall award a student credit for work completed in a released time course when such is substantiated by a transcript from the independent entity providing the course. A student shall be awarded elective credit for the completion of each released time course. A student may also obtain up to .5 units of elective credit for completion of a released time course.

In determining whether elective credit may be awarded, the district's board of education shall evaluate the course in a neutral and secular manner that does not involve any test for religious content or denominational affiliation. For purposes of this subsection, the secular criteria used by the board to evaluate a released time course may include:

1. The amount of classroom instruction time;
2. The course syllabus, which reflects the course requirements and any materials used in the course;
3. Methods of assessment used in the course; and
4. The qualifications of the course instructor.

SPERRY PUBLIC SCHOOLS BOARD OF EDUCATION POLICY	<i>Instruction</i> Adopted: August 12, 2024
---	---

VOLUNTARY PRAYER

The Oklahoma State Board of Education has directed that every school district permit those students and teachers wishing to do so to participate in voluntary prayer. This policy is adopted to comply with that directive.

It is the district's policy that students and teachers may engage in voluntary prayer, including at district athletic events and graduation ceremonies. However, school district employees shall not teach, or instill by way of repetition, any sectarian or religious doctrine.

Any student or teacher who has not been permitted to participate in voluntary prayer should notify the relevant school building principal of the violation of this policy. The district will investigate all reports that a student or teacher has not been permitted to participate in voluntary prayer pursuant to this policy.

Reference: OKLA. STAT. tit. 70, § 11-101.1
O.A.C. 210: 35-3-251

CLASSROOM DECORATION

It is the policy of the Board of Education that all classrooms in schools operated by the District be decorated in a manner which benefits students by enriching their learning environment and reinforcing the content of the District's curriculum and educational mission.

All classrooms in schools operated by the District are the sole property of the District, and the District has the right to regulate the decoration of classrooms to ensure that its schools are decorated in a way which is consistent with its curriculum, educational mission, and applicable law. Teachers have no right to use their classroom decorations as a forum for personal, non-job-related speech activities.

Teachers Required to Decorate Classrooms

Every teacher in the District is required to decorate his or her classroom each school year consistent with the requirements of this policy. A teacher's selection and placement of decorations in his or her classroom are considered to be part of the teacher's official job duties.

All classrooms must be decorated prior to the first day of class at the start of each school year. The site principal shall set a specific deadline for classrooms to be decorated which allows sufficient time for inspection of each classroom as set forth below.

Requirements for Classroom Decorations

The following requirements shall apply to decorations in all classrooms in the District:

1. Purely functional and/or ornamental classroom decorations (e.g., furniture, lamps, curtains, rugs, storage bins, etc.) shall be neat and tidy, shall not be cluttered or distracting, and shall not create any form of safety hazard.
2. Classroom decorations containing written or symbolic messages must be relevant to the curriculum which is taught in that classroom and/or the educational mission of the District.

For purposes of this policy, the District's "educational mission" is to ensure that all students are provided the educational opportunity to acquire the necessary knowledge and skills to be competent, productive members of a global society. Determination of whether a particular message is relevant to the District's educational mission lies within the discretion of the site principal and superintendent consistent with the provisions of this policy.

The following is an illustrative, non-exhaustive list of decorations which would be considered related to curriculum and/or the educational mission of the District:

- a. Decorations directly related to the curriculum which is taught in the classroom (e.g., posters depicting animals that live in the forest in a Pre-K classroom, a poster illustrating the steps of the scientific method in a middle school science classroom, a display of flags of Spanish-speaking countries in a high school Spanish classroom, etc.).
 - b. Visual aids (e.g., an “alphabet line” poster above the white board in a Kindergarten classroom, a bulletin board display listing the prepositions in the English language in a middle school English classroom, a poster illustrating important points about lab safety in a high school science classroom, etc.).
 - c. Displays of student work.
 - d. Seasonal decorations (e.g., decorations depicting falling leaves in autumn, a snowman in winter, flowers in spring, etc.).
 - e. Grade-level-appropriate excerpts or portions of the documents, writings, speeches, proclamations, or records relating to the history, heritage, or foundation of the United States or the State of Oklahoma listed in OKLA. STAT. tit. 70, § 24-106.1(B) (e.g., the United States Constitution, the Pledge of Allegiance, etc.).
 - f. Decorations expressing messages which are otherwise relevant to the District’s educational mission (e.g., a poster featuring an inspirational quote about the importance of believing in oneself, a display illustrating how to be a good friend, a display featuring the District’s mascot encouraging school pride, etc.).
3. Classroom decorations must be appropriate to the age/grade level of students.
 4. Classroom decorations shall be consistent with the District’s nondiscrimination policies and shall not contain content prohibited from inclusion in curriculum or instructional materials pursuant to OKLA. STAT. tit. 70, § 24-157 or other applicable law (e.g., classroom decorations may not contain content which is discriminatory on the basis of sex/gender, teach that an individual bears responsibility for actions committed in the past by other members of the same race, etc.).
 5. Classroom decorations shall not express personal opinions, beliefs, or other messages on behalf of a teacher regarding subjects which are not relevant to the curriculum taught in the teacher’s classroom or the educational mission of the District.

Approval of Classroom Decorations

Each academic year, prior to the first day of school, the site principal shall inspect each classroom in each school building to confirm that the decoration of the classroom is consistent with the guidelines set forth in this policy.

If the site principal determines that a classroom decoration does not comply with this policy, the site principal shall direct the teacher to remove the non-compliant decoration, and the

teacher shall be required to do so as soon as practicable, subject to the appeals process outlined below.

Mid-Year Changes to Classroom Decorations

After the commencement of the school year, teachers shall be permitted to make appropriate additions/changes to classroom decorations in their discretion based on factors such as the change of seasons or the need for classroom decorations to reflect the curriculum being taught at a given time. Any such additional/modified decorations shall comply with the guidelines set forth above.

If, at any time during the school year, the site principal becomes aware that a classroom decoration is in violation of this policy, the site principal shall direct the teacher responsible for the relevant classroom to remove the decoration, and the teacher shall be required to do so as soon as practicable, subject to the appeals process outlined below.

Appeals

A teacher aggrieved by a site principal's decision that a classroom decoration violates this policy shall have a right to submit an administrative appeal of that decision to the superintendent. Such an appeal shall be submitted in writing within ten (10) days of the site principal's decision.

The superintendent shall have ten (10) days to render a decision on the appeal. Until a decision is rendered, the classroom decoration(s) involved in the appeal shall not be displayed by the teacher. The superintendent's decision shall be in writing, and a copy shall be provided to both the teacher and site principal. The decision of the superintendent shall be final.

Non-Compliance

Failure to comply with an administrative directive regarding a classroom decoration which violates this policy or the superintendent's decision on an appeal from such a directive by a teacher may lead to disciplinary action consistent with District policies and applicable law.
